### PayPal Accounts

We recommend PayPal as it is a secure and swift payment method that is accessible for both our National and International customers. If you don't have a PayPal account and would like further information about the service and security it provides and how to set up an account please visit <https://www.paypal-marketing.co.uk/whypaypal/index.htm>

### Spreading your costs monthly

If you prefer to budget monthly, we are happy for you to arrange a payment schedule that works for you. Providing the full balance is paid by 1<sup>st</sup> June you can pay off however much you like throughout the year using any of the above methods. Alternatively you can set up a bank standing order which will mean a set amount is paid on a specific date every month.  
Feel free to get in touch for more information on this.

For international customers please enquire about charges for setting up recurring bank transfers with your individual bank.
